

NexusCore AI Orchestrator

Enterprise Agentic Workflow & Intelligent Context Routing Engine

PRODUCT SUMMARY

NexusCore AI Orchestrator is a robust architecture built for technical leaders and platform architects managing multi-agent frameworks. It delivers secure metadata injection, high-performance 'Agentic Chunking' parsing algorithms, and dynamic model routing across local Small Language Models (SLMs) and foundational LLMs. NexusCore streamlines complex background routines while maintaining absolute data boundary privacy inside your corporate cloud.

DEPLOYMENT MODEL & BASE COST

STANDARD BASE FEE \$2,400 / month Invoiced monthly in advance	INCLUDED BASE STACK TIER: - Advanced Agentic Chunking & Metadata Vector Tagging - Up to 50 Million Orchestration Pipeline Tokens Monthly - Multi-Tool Context Window & Rate Limiting Routing Layer - Native Framework Connectors (FastAPI / Node.js SDKs) - Enterprise-Grade Encryption over AWS SQS & KMS Enclaves - Standard High Availability (99.9% Uptime Commitment SLA)

FUNCTIONAL OPTIONAL ADD-ONS

Add-on Module	Functional Operational Scope	Incremental Pricing
Deep Execution Tracing & Telemetry Suite	Granular tracing matrix that maps step-by-step agent trajectories, variable context weights, and execution-level profiling.	\$300 / month
Extended Token Buffer Scaling Pack	Expands token-handling architecture to seamlessly process deep context payloads up to 128k parameters per request.	\$450 / month
24/7 Dedicated Technical Account Manager	Immediate escalation channel with a dedicated Systems Engineer and a strict 30-minute critical bug resolution window.	\$800 / month

LEGAL COMMERCIAL TERMS & CONDITIONS

1. License Scope: Monthly subscription fees are invoiced in advance on the 1st of each calendar month. Standard onboarding is executed within 5 business days.
2. Data Sovereignty: The platform processes variables exclusively within your private cloud perimeter. No prompt logs, vector states, or proprietary data points are captured externally.
3. Termination Policies: Subscriptions can be canceled by either party via formal 30-day electronic written notice. Terminated mid-month accounts are ineligible for refunds.
